

Director's Message

Our institute would like to make changes to the foreign languages education by providing programs that allow learning communities to get the best results through collaboration.

We make the efforts to enhance the foreign languages education through students-centred teaching that gives the outcome of learning for everyone, improving foreign language communication skills which help to communicate and have creative learning, and promoting international culture understanding.

We offer step-by-step training programs to develop the teacher's professionalism in teaching foreign languages education. It includes variety of customized training programs towards the teacher's interests and wants including lectures, schedule, and location. The institute takes the role as the centre of foreign language education by helping the teachers to develop professionalism. Through the English Enhancement Program for local community students and the Class Support Program for schools around the local community, the institute strives to decrease the education gaps as a learning community.

A Premier Institute for Foreign Languages

OUR VISION "YOUR SUCCESS"
